

The President's *STEERING COLUMN*

"How did you celebrate Drive Your Studebaker Day? I drove my Avanti to the local grocery store to pick up some essential items, then drove to the hospital where Gail was recovering from a cardiopulmonary problem, and finally to the Fender Bender Cruise In at America's Car Museum. There were about 150 cars at the Cruise In where they were raffling off

Fender guitars. Among the sea of Corvettes, Mustangs, Porsches, and Custom cars, were two other Studebakers as well as my Avanti. One was a nice 1930 sedan and Dixon Anderson brought his 1955 President. I had lots of people stopping by and asking the usual questions or just admiring my Avanti.

October is the month that the annual fall colors tour happens. Last year our editor Odd Justad did a great job of leading us through the Carnation Valley and past Snoqualmie Falls. This year Mary West and our scribe, Bill Hallett, have organized what looks to be another great tour in the same general area with a bunch of classic cars to view thrown in. This year the tour will be on a SATURDAY, so mark your calendars for October 8th, get your Studebaker ready for one more trip and check the latest details elsewhere in this issue. We would love to see you on the tour.

And if you can't make the tour, consult your local weather forecaster and if the forecast is for a sunny or partly cloudy day, get out your favorite Studebaker and drive your favorite river road. Stop and take a photo of your car with fall colors in the background and send them to our editor, so he can publish some of them in our next issue of the Washington President.

Elections are coming up in November. Most of the current officers deserve a break and the Greater Seattle Chapter could use someone with lots of new ideas for events and meeting locations. We need your help to attract new members and keep our members interested in coming to meetings and events. Remember that no experience is necessary. We will train you and guide you. We really need your help. Drive your Studebaker in October and send us your photos,

Bob Bryant

REPORT FROM LYNDEN

This was our revised Whatcom County MiniMeet. Due to a dramatic increase in the rental fee for use of our traditional Hovander Park venue, a replacement location had to be found. And since the Vintage Trailer show was being held in Lynden the same weekend, it was decided we could piggy back on to that one at the Lynden fairgrounds. Admittedly it is a longer drive for us from the Seattle area, but we got more participation from Canada to compensate.

It was a beautiful morning as we set out from Bellevue to Lynden (you can practically see Canada from there). And, as is our normal custom, we pulled into the Smokey Point rest stop for a leg stretch and potty break. Imagine our surprise and delight to see there Lori and Jerry Molitor, as well as Ray and Carol Keehner. It has been a loooooong time since we have seen the Molitors, and we are happy to welcome them back to the Pacific Northwest.

We continued at a relatively leisurely pace up I-5 toward Bellingham, when suddenly traffic came to a screeching halt. What in the world?!! And along came a couple of cop cars along the shoulder, obviously intent on getting where they were going in a hurry. Several miles up the road we came upon the cop cars, a fire equipment vehicle, and a very fried pickup truck. Wonder if he was charging one of the new phones that have been igniting spontaneously lately. Anyway, it was a reminder that sometimes it pays to have a fire extinguisher in our vehicles.

Arriving in Lynden, we took the scenic route to the fairgrounds where some very lovely cars were showing up to compete with the vintage trailers that were already there. And those trailers were absolutely beautiful!! I can't say exactly roomy, but they packed a lot of comfort into an amazingly small space. And they looked a lot easier to haul around than one of those block-long RV's that we see these days. Several were color-coordinated with the vintage cars pulling them. It was a great display.

As mentioned earlier, it is a bit of a drive from the Seattle area. However, the Seattle Chapter was well represented by Walt Thompson and Dorothy Abbott (Walt will drive his Rosie car anywhere), Ken and Kathy Durkee with their Silver Hawk showing off all its "bling", Rick and Laurel Berry driving a Chrysler that screamed "land yacht!!!", Ray and Carol Keehner in their spiffy 1941 coupe, and Odd and Greta Justad and Lori and Jerry Molitor, both driving Some Other Brands (SOB's). Gotta say a better lunch was provided at our old location, but people seemed to enjoy the baked potato and corn provided at the fairgrounds. And there was a shopping mall across the street with several eating establishments. So if you went home hungry, it was your own fault.

We left a little early (did I mention it is a long drive home?) so did not see the awards handed out, but got it on good authority that the Longest Distance Driven (in a Studebaker, of course) award went to our own Ken and Kathy Durkee with their aforementioned Silver Hawk, and People's Choice went to Scott and Cheryl Hall of Ferndale, with their 1941 business coupe. If I have screwed up on any of this, let me know and I will make it right with the next newsletter.
