

The President's *STEERING COLUMN*

“Our Fall Color Tour was awesome in spite of the rainy conditions. There were eight cars and a dozen people who braved the weather. The closest that a Studebaker vehicle was on the tour was Pat Knapert’s Honda with the “My other car is a Studebaker” license plate frame. We toured the tree lined roads from Issaquah to Carnation, where we visited Giordano’s Vintage Motors. Giordano’s has for sale many unusual cars, car models, and car books. The tour ended just up the street at the Carnation Café.

Many thanks go to Mary West and Bill Hallett for setting up the tour.

At our mini meeting during lunch, Laurel Berry volunteered to host our November meeting. She and her husband Rick have a great collection of Studebaker, Packard, Chrysler and American Motors cars at their home in Kent. The chapter will be supplying lunch and all you need to bring is your ideas for activities for

next year and your willingness to help.

We will be electing officers for next year. I will not be running for reelection, due to family health reasons and Studebaker International Meet activities. Here is a brief run down to what each officer does.

The President presides over the meetings and writes the monthly Steering Column, outlining upcoming chapter and regional SDC events.

The Vice President presides over meetings when the president is not available and is responsible for setting up chapter activities.

The Secretary records the minutes of the chapter meetings and sends them to the newsletter editor.

The Treasurer collects the chapter dues, pays the chapter bills and publishes the annual membership roster.

The Newsletter Editor publishes the monthly “Washington President”.

The Historian gathers the newsletters and other historic data and preserves them for future reference.

The Parts Manager aids people in finding what parts are correct for their particular Studebaker.

I hope you will consider running for an office to help out our chapter. Please Do!

See you at the meeting,

Bob Bryant

A Norwegian, a Swede and a Dane made a bet about who could stay the longest in a stinky pig barn. They all went in at the same time. After only two minutes the Dane came running out. Five minutes later the Swede stumbled out the door. After ten minutes, all the pigs ran out

Jerry Molitor—Gone but not forgotten 11/25-1934 - 10/6-2016

Saturday was a happy-sad day for those of us who said a final farewell to Joseph Louis, better known as Jerry, Molitor. (He made a much better “Jerry” than he would have a “Joe” in my opinion.) Jerry has been in the Studebaker club for many many years, although in these last years he leaned more toward the pre-war cars. For those of you who never met him, he was a cheerful, gregarious, loving human being with a ready smile and infectious laugh whom anyone would be proud to call his friend. His well-loved ‘41 sedan was parked in front of the church as a reminder of the man who gave with so much gusto to the world of Studebakers and to the human race. His wife, Lorelie, was his fierce protector in these last months, and we wish her and the rest of their extended family comfort and best wishes, as well as gratitude for having shared this special human being with the rest of us. So although we are always sad to say “goodbye”, we are happy and grateful to have had and known him for the years that we did. Life is a journey. Enjoy the ride.

The Washington

President

From our Fall Color Tour—Ready to enjoy dinner

Addendum

The following came in just as we went to press

On what turned out to be a wet and soggy fall day, October the eighth, twelve of the Studebaker faithful met for the annual fall colors tour. The impending wet weather must have kept the drivers from taking their Studebakers out. There were none on the tour. I used the weak excuse that I didn't know if Humphrey's wiper blades were any good, but I really just didn't want to put it away wet!

After staging in the Walgreens' parking lot in Issaquah, we headed north to Fall City. We continued along Hwy 203 to Carnation, where

we stopped at Giordano's Vintage Motors. The cramped, unpretentious showroom houses an interesting collection of foreign and American sports and family styled cars, spanning about six decades. There was also a nice collection of motorcycles. The operation has always seemed to me to be a number of hobbyists who enjoy the cars, and sharing the collection with other interested folks, and will sell a car or two to make it interesting. Prices are rather high so I hope that they are open to negotiation! After about an hour we made our way to the new Carnation Restaurant. Food and conversation continued the rest of the afternoon.

Thanks to Mary West for putting this together on such short notice!

On a somber note, many of us said goodbye to one of our own. Jerry Molitor's funeral was Saturday in Bellevue. It's hard to believe that he is no longer with us. Jerry was always a presence in any group. He will be missed by all that knew and loved him

Your always humbled scribe

Bill Hallett
