

The President's *STEERING COLUMN*

April showers are here for sure! Hard to believe that in 4 short months, we will be in August and the international meet will only be days away! I hope everyone is getting their car or cars ready.

We had a great turnout at Don and Joan Andersen's home on March 11th. The weather was absolutely gorgeous and several members drove Studebakers or, in our case, our '62 Chrysler, but it was a fantastic afternoon for a drive. We spent lots of time out in the garage looking at Don's 1937 LaSalle (hopefully I got that right!) We had a short meeting and I tried to answer as many questions about the international meet as I could, but left some questions unanswered.

Our April meeting will be a joint one with the Tacoma Area Chapter, at the Olive Branch café. The Olive Branch is set to house two tea/luncheon services for us during the meet. It will be nice to see and try out the food! Bob Bryant and I will be there to answer questions about the meet. I will again have flyers for the international meet that can be taken to car shows in the area to pass out to any Studebakers you may see out and about.

See you soon!

Laurel

INTERNATIONAL UPDATE

By attending our next meeting, you should be able to get all our updates to now.

We now have an up to date roster for the club. For security reason it is sent as a separate e-mail. I am requesting that it will not be published on our website.

Here is the 39 Champ that belongs to our new members Paul and Debbie Ward

Steve Grinols would like to sell his 1941 Studebaker President Skyway Landcruiser Sedan for \$3,500 or best offer. It needs a full restoration, but I believe everything is there. I have some pictures I can e-mail if

you are interested. The car is stored at my place in Centralia. This car really deserves to be restored. Contact me at dlkelstrom@aol.com or Steve at grinolsstev@yahoo.com

I have a lot of parts for sale also. I plan on having a garage sale later this spring down in Centralia to clear out parts including lots of post war and pre war stuff.

Clearing out spare parts. 1941 Commander LF fender \$175, 1941 Commander pair front fenders - used \$200, 1938 Coupe Express or Commander welled rf fender \$75, rear fenders \$75 each, 1939/40 Champion Hood \$125, 1941/42 Commander or President lf door \$125, 1938 Commander/Coupe Express overdrive transmission \$175, 1939 Commander/Coupe Express overdrive transmission (column shift) \$65. 1941 Commander/President trim rings \$125 for set of 4, Located in Centralia, WA dlkelstrom@aol.com

SECRETARY'S SCRABBLES

The March meeting of the Seattle Chapter, Studebaker Drivers Club was on the 11th (Sunday) at our house. The weather was dry and warmer than normal for this time of year. Was reasonable for outdoor conversation and tire kicking. We had 16 in attendance and 5 Studebakers including a 1940 2-door sedan that we had not seen before. A very nice restoration. Be-

fore the pizza arrived, we had updates on the car show and swap meet for the 2018 International. The April meeting will be in Tacoma at the Olive Branch Café that will also be used for the Ladies' lunch during the 2018 International in late August.
Don Andersen
Secretary

We just got a new member . Welcome to Paul and Debbie Ward. They live in Bellevue and have a 1939 Champ Coupe. Here are his comments about the car.

I have some history that comes along with my 1939 coupe too. I have owned it for 44 years. After buying it I drove it for about 6-8 months and then I decided to take it apart and restore it. Technically it has never been back on the road since then. After disassembling most of the car, I went through a divorce, so not much work was done on it for 3-4 years. Then a couple of friends of mine helped me get the restoration moving along. We rebuilt the motor, chassis, painted it and assembled it enough to drive it around the block 3-4 times. At that time more life events got in

the way and the car sat in that condition for another 10 years. At this time, I decided to hot rod the car in the then very popular pro street design. At the time I had a complete new chassis built for the car and a new hot rod blown chevy motor and drivetrain along with some body modifications to accommodate the new motor and the big fat rear tires. This new motor has never been fired. After 3-4 years of hot rodding the car the project was set on the back burner and has been there for the last 25 years. I am now ready to get the project moving along to building a complete car. I still have all the original parts including a complete rolling chassis with the original complete drivetrain. .
